Dear Dr. Maurice N. Leibman,

Congratulations! You have been selected to the 2016 *Texas Super Doctors*® list, the result of an extremely rigorous nomination process conducted by the national research division of MSP Communications in Minneapolis, Minnesota. The process includes peer nominations, detailed independent research and a Blue Ribbon Panel review of all nominated candidates. The final list is a select group of medical professionals, approximately five percent of Texas physicians.

The list will be published in the **December 2016 issue of *Texas Monthly*** (which has an audience of more than 2.7 million readers), and on the *Super Doctors* website. To ensure your name is included on the list, you must either return the enclosed **Data Verification (DV)** form or provide this information online at my.superdoctors.com by **August 22, 2016**.

There is no charge to be listed in *Texas Super Doctors* or the web listing on superdoctors.com, however, there are a variety of ways to publicize and promote this honor in the award-winning *Texas Monthly*, our publishing partner for the past 13 years.

1. **Print advertising** in the December 2016 issue of *Texas Monthly* to run within the *Super Doctors* special advertising section.
2. An **editorial-like profile** with your professional photo, descriptive copy about your specialty and your contact information.
3. An **enhancement of your online listing** within the *Texas Super Doctors* specialty on superdoctors.com, a frequently searched national website. The enhancement provides you with a highlighted listing and photo on the searched results page for a full year. This link is your own landing page that provides detailed information on your practice, clinic and hospital affiliations.

Within the upcoming weeks, a *Super Doctors* Associate Publisher will contact you to provide details on these options as well as answer any questions you may have. Congratulations again and please verify your information on the enclosed forms by August 22 to ensure your listing is both published and accurate.

Best Regards,

Deborah L Hopp
